NAME: _____

Student Worksheet

Activity Six

Learn Through Famous Quotes

Students study then play a game using famous quotes.

Students will:

- learn famous quotes
- follow rules
- work as a team to learn quotes and play the game

Items Needed:

- index cards
- famous quotes

To Prepare:

- Teacher makes a list of famous quotes
- take index cards
- write the 1st half of the quote on one card and the 2nd half of the quote on another card. You will need 2 sets of cards with the 2nd half of the quote.

Make 2 teams. Study the quotes together. Read them aloud. Quiz each other.

Play the Game:

Have a table between both teams. Have 1 team stand side by side on one side of the table. Have team 2 do the same on the other side of the table. Take both sets of the 2nd half of the quotes. Place one set spread out on one half of the table facing team 1. Do the same with the other set on the other side facing team 2.

Play the game. The teacher takes the set of cards with the 1st half of the quote. The teacher takes the top card and reads the 1st half of the quote. There will be a set time for the team to find the 2nd half of the quote. The 1st team to find the correct card removes that card on their side. If neither team finds the correct answer in the allowed time the teacher will place that card at the bottom of the pile to try again.

The first team to remove all of its cards from the table wins. If there is not enough time to finish the game the team with the least amount of cards left on the table wins.

In a few sentences tell how this game helped you to learn.

GAME

Name _____ Date _____

Venn Diagram

Use the two sets A and B to form three sets: A only, B only, and A & B.

Answer the following:

- How many cats are in set A?
- How many birds are in set B?
- How many dogs are in set A & B?
- How many fish are in set B?
- How many cats are in set A?
